UP TO THE TOWING CHALLENGE?

MANY OF OUR HT MODELS CAN BE TOWED BY THESE HALF-TON TRUCKS:*

MAKE	MODEL	ENGINE	CAB/BED	AXLE RATIO / EQUIPMENT
Chevrolet	Silverado 1500	6.2L V-8	Extended/Standard	3.73:1, Towing Package
Dodge	Ram 1500	4.7L V-8	Regular/Short	3.73:1, 5-speed AT
Ford	F-150 2WD	5.0L V-8	Extended/Standard	3.73:1
GMC	Sierra 1500	6.2L V-8	King/Short	3.73:1, Towing Package
Nissan	Titan 2WD	5.6L V-8	King/Short	Premium Utility Package
Toyota	Tundra 2WD	5.7L V-8	Regular/Long	Towing Package

EAGLE HT FIFTH WHEEL 27.5BHS | PEWTER

*It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice.

our loaded **LIGHTWEIGHT**

Don't let Eagle HT's lighter size fool you. This fifth wheel features everything you love in the amenity-filled Eagle lineup but in a towable package. With space-making slideouts, a full-featured kitchen, LED interior lighting and room-brightening skylights, Eagle HT delivers comfort in four floorplans.

HEAVY ON FEATURES

Rest easy thanks to a Jayco-exclusive Denver Mattress, and kick back even more thanks to Eagle HT's key fob remote. (We won't blame you if you decide to operate your slideouts, patio awning and rear jacks from the comfort of your bed.)

MAKE EVERY SEASON ... CAMPING SEASON

Extend your camping season with the Jayco Climate Shield — the ultimate in weather protection. Designed for efficient heating and cooling, Climate Shield protects against extreme heat and extreme freezing, even when temperatures hit a high of 100° F or a low of 0° F.*

The Climate Shield features the following R-values.

VALUE	UNIT AREA	TYPE OF INSULATION
R-5	All vertical walls	Block foam
R-15	Behind front cap	Double R-7 insulation
R-27	Roof	Double R-7 insulation + R-14 foil
R-29	Main floor	Double R-7 insulation + R-14 foil
R-14	Slide floor	R-14 foil
R-22	Bedroom floor	R-7 insulation + R-14 foil
R-14	Inside open pin box	R-14 foil

ULTIMATE WEATHER PROTECTION

* Eagle HT was tested in 0° F and 100° F weather over an extended period of time in a controlled environment and all functions of the coach were fully operational. Testing cannot account for natural elements, such as wind or moisture. In actual use, unit may not perform as well. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's warranty does not cover damage caused by freezing.

Unloaded Vehicle Weight (UUV): Sometimes referred to as "Dry Weight," UUV means the typical weight of this trailer as built at the factory. The UUV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. The weights of certain options and/or option packages are not included in the listed UUV listed.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UUV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UUV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See the specifications chart (right).

RV Technical & Roadside Assistance

Generations of family fun.

THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY—THE BONTRAGERS. Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, Jayco has helped generation after generation create family stories — good, old-fashioned family fun built around campfires with a Jayco RV nearby. At Jayco, we strive to build family-friendly products that will outlast just about everything but your memories. We'd love nothing more than to be a part of your family story. Join us in our generations of family fun.
